## **Abstract of Project**

**Project Title : I LOVE TRAVEL (A Travel Agency Website)**

- The goal was to create a Travel Agency website for the hypothetical clients.
- I thought of having a Travel Agency name as '**I LOVE TRAVEL**' for my website.
- "I LOVE TRAVEL" (A Travel Agency website) designed hypothetically help users to see through our website and explore more travelling destinations.
- Each and every menu in the 'Menu list' helps the hypothetical client to interact with us in each and every scenario of thought of having a 'Travel around the world'.
- "I LOVE TRAVEL" (A Travel Agency website) make the client user-friendly through our website in exploring the travelling destinations and a easy access of booking the perfect resort for the family and their loved ones.

## **Project Summary**

**Project Title : I LOVE TRAVEL (A Travel Agency Website)**

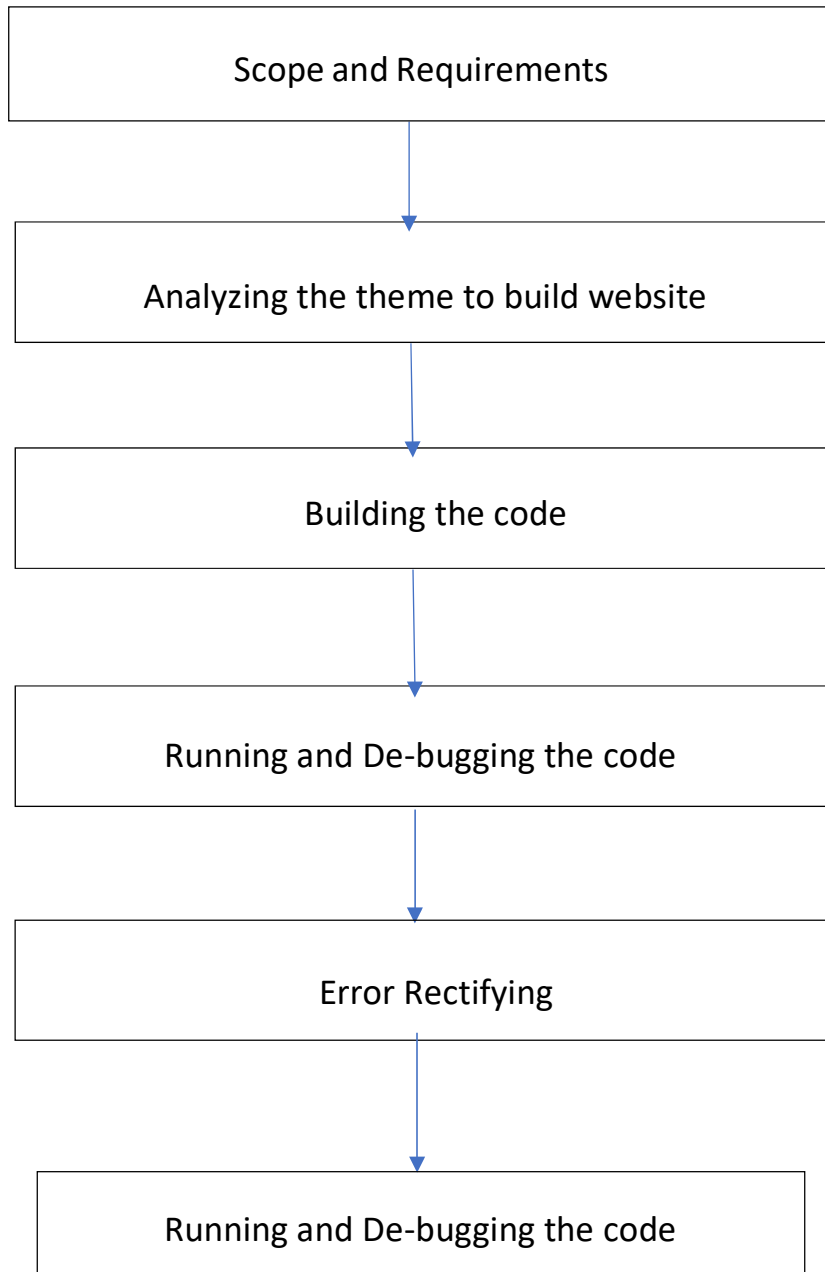

- "I LOVE TRAVEL" is a travel agency website which is used to interact with the customers to visit different travel destinations.
- There are several advantages to using "I LOVE TRAVEL" website:
  1. Provides the searching facilities on various factors based on their budgets.
  2. Tracks the details of customers by signing-in to our website.
  3. It contains user-friendly budget hotel packages.
  4. It contains all resorts/hotel information about different travel destinations.
  5. I LOVE TRAVEL provides different resorts client feedback and reviews by this ,users can pick their perfect destination spots.

## **Objectives Of Project**

- The main objective of “I LOVE TRAVEL” (a travel agency website) is to make the clients explore different travel destinations.
- “I LOVE TRAVEL” makes the clients user-friendly in accessing of my website.
- A login page for the client is designed in my website to embrace their travel destination dreams through their details.
- A one click easy booking slots of different type of hotels which makes my website user-friendly.
- The clients queries can be easily solved with my contact page in website which makes the clients to interact with my travel agency.
- It tracks all the details about the every hotels/resorts Charges and Bookings and the latest trending packages available for the clients to book the resort/hotel

## **Details of project developed**

- For better designing of website, **HTML** and **CSS** are used
- The website comprises of 4 major modules with their sub-modules as follows:
  1. **Home**
    - a. Explore Hotels: This menu helps to see through the hotels in various destinations.
    - b. Login Page: This login page helps to sign-in in our website through your credentials.
  2. **Packages:** This menu helps the clients to see the trending travel destination trending packages.
  3. **Gallery:** This menu consists of different travel destinations sceneries.
  4. **Contact:** This menu helps to interact with our website.
